**BULLETIN DETAILS**

<b>Product Group:</b>	JCM	
<b>Model Affected:</b>	Triton	
<b>Effective Date: See Below</b>	<b>Serial No. Effective From:</b>	N/A
<b>Bulletin Subject:</b>	JCM Triton seating unit complete part number update	

As part of our continuous improvement programme, we are committed to listening to customers and developing our products and options based on this.

Recently we have received feedback from a number of customers that when ordering a Triton seat unit they have received it without foams and covers.

This is due to having two part numbers one where you can order the seat unit with foam and covers and another where you can order the seat only (no foam and covers).

However, customers have feedback that it is extremely rare to order a Triton seat unit without foams and covers. Therefore, to reduce complexity and to make ordering easier we have discontinued the Triton seat unit without foams and covers.

You can order Triton seat units with foam and covers using the following part numbers:

Model	Part Code	Description
Triton	T1-SU-327X109-C	Triton Size 1 complete seating unit including foam and covers
Triton	T1L-SU-427X109-C	Triton size 1 long complete seating unit including foam and covers
Triton	T1W-SU-327X149-C	Triton size 1 wide complete seating unit including foam and covers
Triton	T2-SU-427X149-C	Triton Size 2 complete seating unit including foam and covers
Triton	T2L-SU-527X149-C	Triton size 2 long complete seating unit including foam and covers
Triton	T2W-SU-427X189-C	Triton size 2 wide complete seating unit including foam and covers
Triton	T3-SU-527X189-C	Triton Size 3 complete seating unit including foam and covers

For any queries on any of these updates please contact your local Product Specialist.
